## Poll of The Commonwealth of Pennsylvania

September 16, 2022 – September 19, 2022

Surveys were conducted via interactive voice response phone calls to landlines and text messages through mobile phones. The sample consists of the users of landline phone numbers selected by random digit dialing and mobile numbers included in a consumer contact list. Results are weighted by demographic information with iterative proportional fitting. Note that some respondents refused to answer some demographic questions.
